Instruction manual for online NBT

Registration process

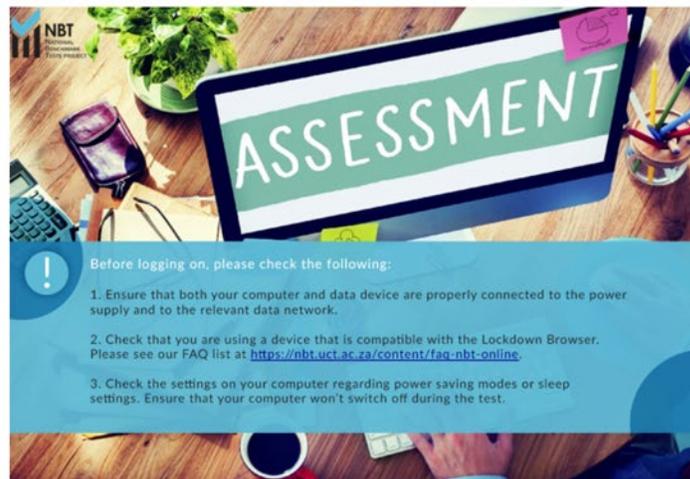

The registration process in the platform must be done according to the dates specified by CEA where you started the NBT application.

Go to <https://cetap.edtest.ai> (link will only be available after 24th April 2022) using a desktop or laptop computer with webcam (integrated or external device), in one of these web browsers: Google Chrome or Mozilla Firefox (you will find detailed suggestions in the manual of application conditions and technical recommendations).

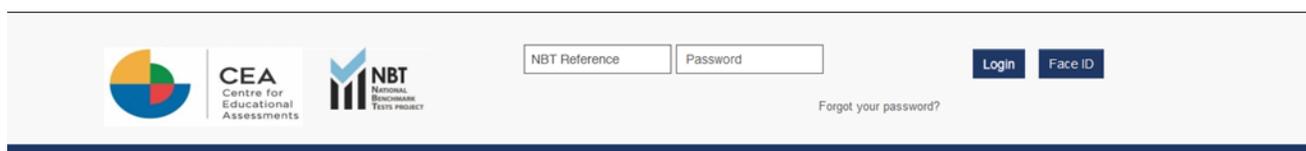

1. To start, read the instructions below:

The screenshot shows the CEA login interface. On the left is the CEA logo. In the center, there are two input fields labeled 'User' and 'Password'. To the right of these fields is a 'Forgot your password?' link. On the far right, there is a blue 'Login' button.

2. Next step is to log in with the NBT Reference and password provided by CEA where you started the NBT application process.

The screenshot shows the NBT login interface. On the left are the CEA and NBT logos. In the center, there are two input fields labeled 'NBT Reference' and 'Password'. To the right of these fields is a 'Forgot your password?' link. On the far right, there are two blue buttons: 'Login' and 'Face ID'.

If you know your username but you forgot your password, follow the next steps:

A. Click on the text "Forgot your password?".

The screenshot shows the top navigation bar with logos for CEA and NBT. Below the logos are input fields for 'NBT Reference' and 'Password', and buttons for 'Login' and 'Face ID'. A link labeled 'Forgot your password?' is highlighted with a green border.

B. Introduce your username into the text field and click on Send. A message will be sent to your email registered.

The screenshot shows a modal window titled 'Forgot Your Password?'. It contains a text input field with the placeholder text 'Write your NBT Reference'. Below the input field are two buttons: 'Send' and 'Cancel'.

C. Check your email. Look for the message with subject "Recover your password", open it and click on the link to change your password.

The screenshot shows an email interface. The subject is 'Territorium: Recover your password' with a 'Recibidos x' indicator. The sender is 'Territorium <no-reply@territoriumlife.com>' and the time is '22:04 (hace 0 minutos)'. The body of the email says: 'Good morning, You has requested to change your password. Click on the link below to change the password: http://cetap.edtest.ai/nuevopassword_en.php?RUpzJz1UBC9Ah0MX38Y1mzLW641TNf-H%2FwSpicw2Xw%3D=O%2F8Q.MlJim7DVHZV6I4fo4ybbX4JupCSLcfg6Nz%2Bc%3D Thank you'.

D. Introduce a new password in both text fields, and click on Send to generate your new password.

The screenshot shows a form titled 'Recover your password'. It has three input fields: 'User' (containing 'test.user1'), 'New password:', and 'Confirm new password:'. Below the fields is a 'Send' button. At the bottom, there is a message: 'You will be sent to the login page.'

Photo Features

The photograph captured in the Portal of Aspirants will be used as a form of authentication by facial recognition during the exam, so the image must have the necessary quality.

Guidelines for taking the photography

- Formal clothing (dress shirt or blouse)
- Presentable hair
- For the photography process and facial recognition, glasses should NOT be worn. For the exam, you can use them.
- Bare face (no facial piercing)
- White background or as light as possible
- Avoid backgrounds that contain other faces and that do not reflect glitter
- Full face must be visible without obstructions
- Proper lighting to make the face as visible as possible
- Color adjustment
- Camera far away
- Very close camera
- Lack of sharpness
- Dark or colored background
- Shiny photo
- Dark photo
- Out of camera center
- Incorrect body posture
- Not looking at the camera

Next

3. You will need to register your photo for identity validation. You can see some instructions and recommendations displayed on the screen.

The first time you log in into the platform, the browser will ask you to allow the webcam use, click the button "Allow" to continue the registration process.

4. Once the use of webcam is allowed, you will see your face in the photo capture frame. Follow the guidelines to complete this process successfully. It is also recommended taking the picture in the same place where you will be doing the test.

Photo capture

Step 1 of 3

Take a picture of your face

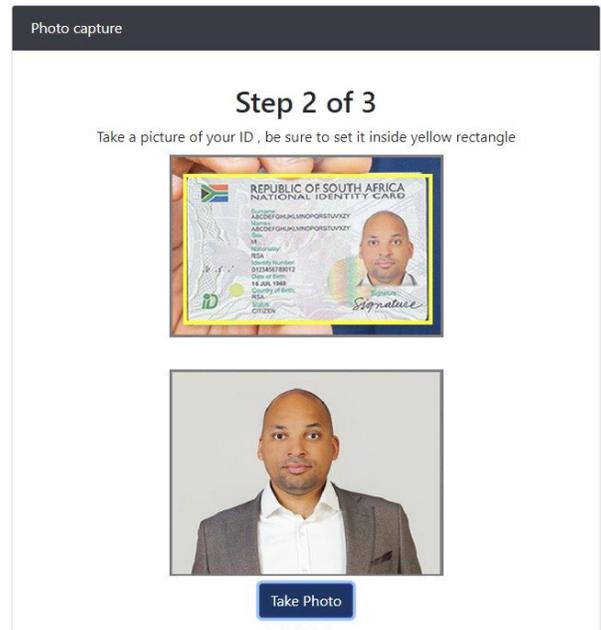

Take Photo

Restart Capture

5. You have to take two photos. Click on “Take Photo” to take the first one, then click on it again to take the second one.

Please note that the second photo must be of your ID. Be sure that your ID fits into the yellow frame.

If you consider the photos do not fit the guidelines, you can click the button “Restart capture” and start again.

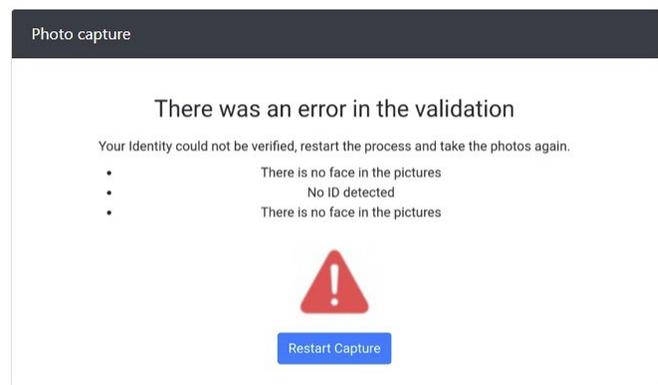

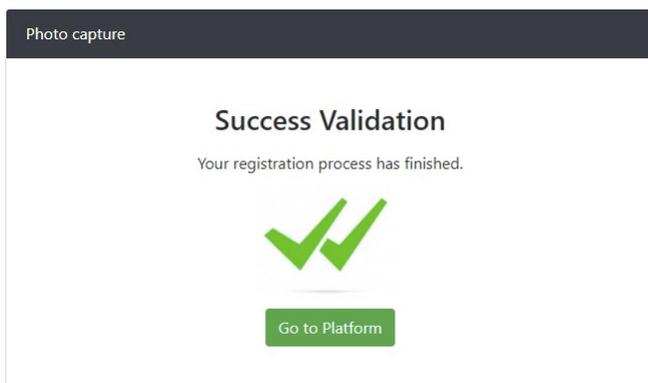

6. Once you take the two photos, click the button “Validate Photo”. After the system validation, you can get two different messages: Success or Error.

If your validation was successful, you will be redirected automatically to login page, the registration process is finished.

If your validation was unsuccessful, you will have to go back to step 5.

The two pictures you have captured will serve as reference to validate your identity before and during the test.

Test application process

Once your registration online is complete, go to <https://cetap.edtest.ai> on the date and time indicated by the CEA. Remember to use a desktop or laptop computer with integrated or external webcam, and use one of these browsers: Mozilla Firefox or Google Chrome. Make sure the power supply to the computer is in place, your data device is charged and/or connected to appropriate outlets and computer settings are changed to prevent it from going into sleep mode.

1. You have two options to sign in into the platform:

A. Enter the username and password that was sent to you by the CEA where you started NBT application. Next click on the button "Login".

Login

B. Using facial recognition. Click on the button "Face ID", take a photo and click on "Verify Identity". Remember to allow the webcam use if the browser prompts for it. If your validation is successful, you will be redirected automatically to home page, in case that the validation is unsuccessful, an error message will be shown.

Face ID

If you are not registered or registration process is incomplete, an error message will be shown. You need to go back to registration process and complete it successfully.

2. Once you have logged in, you will see the instructions for installation of the LockDown Browser.

Welcome

As part of the starting process, before getting into the test, you'll need to install Lockdown Browser.

Lockdown browser assures that during the test, you'll not access to inappropriate software or content that could compromise a trust worthy test.

Download here Lockdown Browser:

For Windows

[Download for Windows](#)

For Mac

[Download for Mac](#)

Before starting, please close all your programs, otherwise, Lockdown Browser may have problems running.

In case your internet connection fails, do not close Lockdown Browser. Wait until it returns, as much as possible.

Once you've downloaded Lockdown browser, you're ready to go!

If Lockdown browser download does not open, click on the download. You must when prompted click "yes" to allow changes to the device.

Start!

LockDown Browser is a client application that is installed to a local computer. Both the Windows edition and the Mac edition of the browser are based on Chromium, Google's open source framework. You do NOT need Google's Chrome browser installed; nor will this version affect a Chrome browser that's already installed.

You may watch this video about the LockDown Browser: <https://web.respondus.com/lockdownbrowser-student-video/>

According to your operating system, choose a link to download LockDown Browser setup file.

Windows: <https://archivos.territorio.la/lockdownbrowser/LockDownBrowserOEMSetup.exe>

MAC: <https://archivos.territorio.la/lockdownbrowser/InstallLDBOEMSDK.zip>

System Requirements for LockDown Browser:

Operating Systems:

Windows: 10, 8, 7.

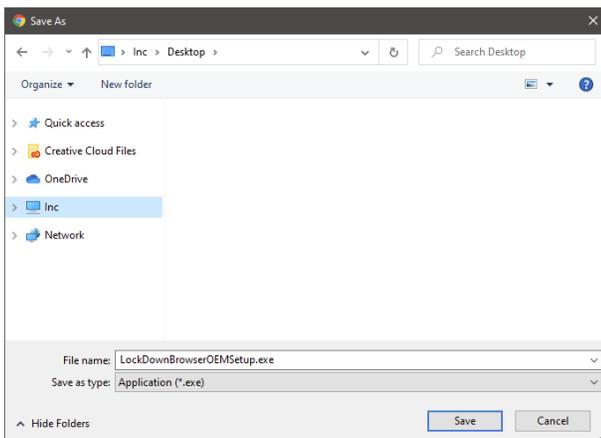

Mac: MacOS 10.12 or higher.

Memory:

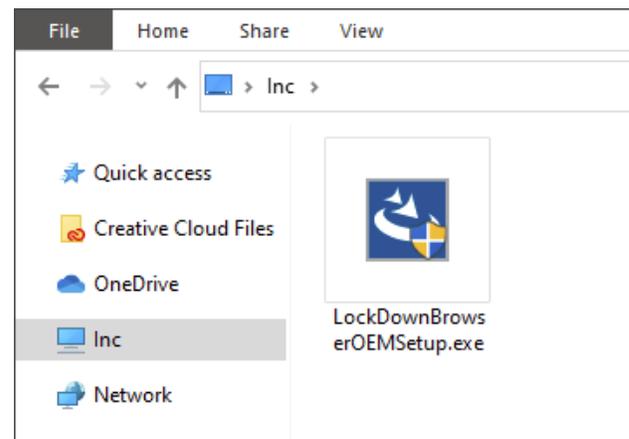

Windows: 75 MB permanent space on the hard drive.

Mac: 120 MB permanent space on the hard drive.

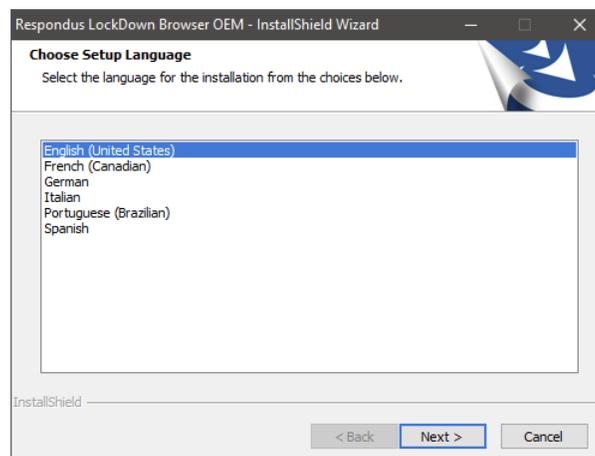

Save the file in your computer.

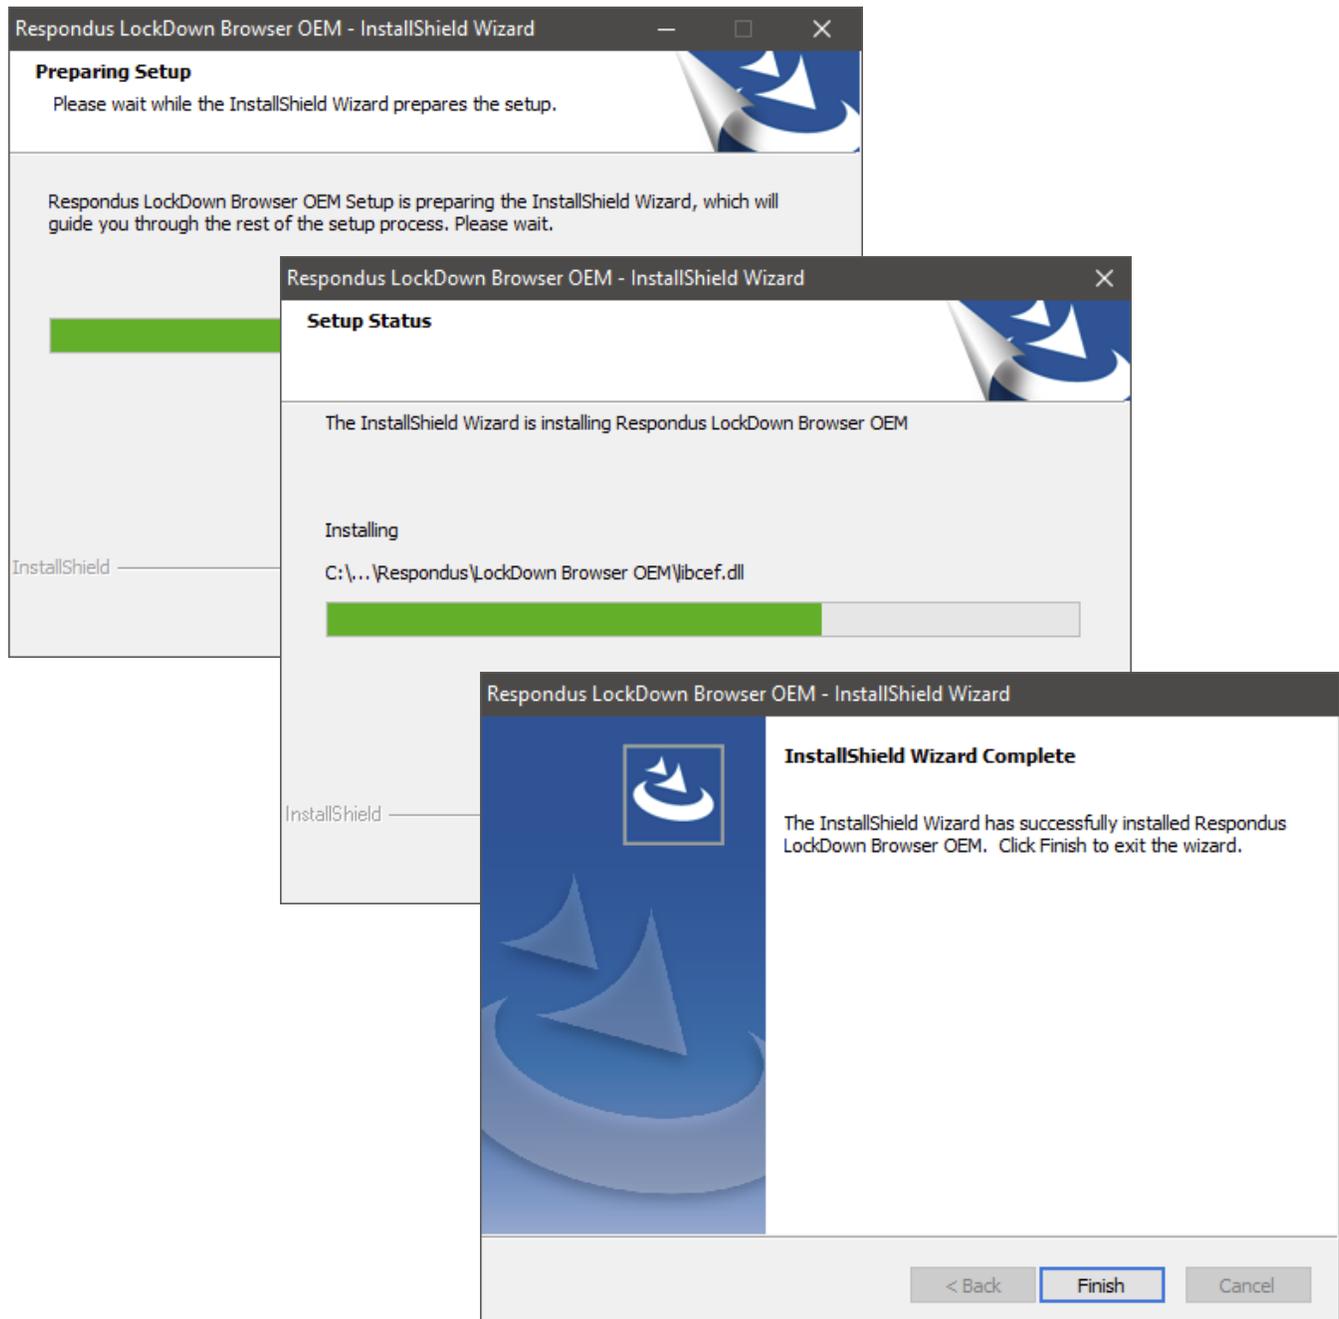

Once downloaded, execute the installation file.

Select the setup language and click on the button Next.

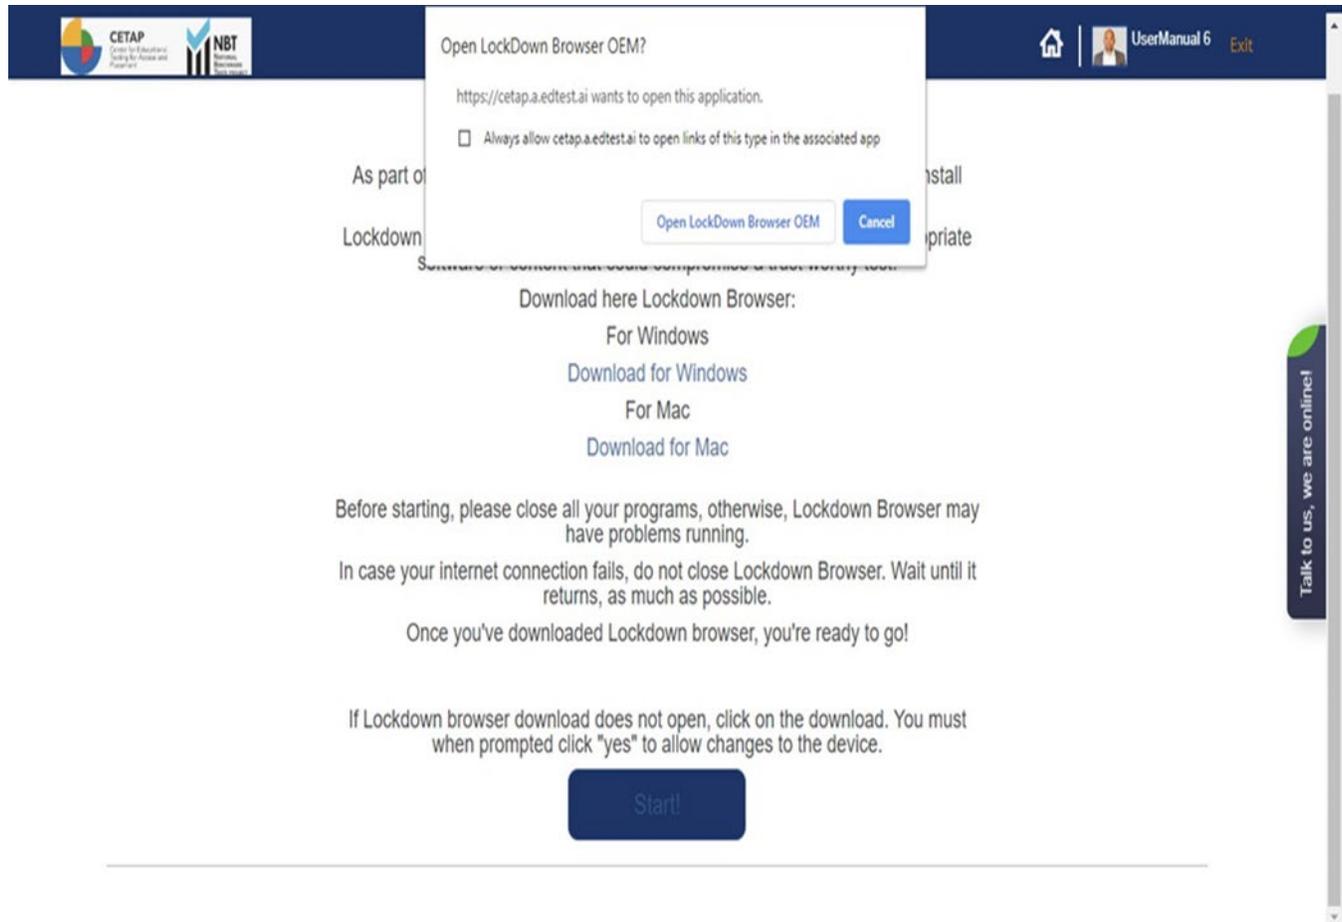

Wait until installation is complete, then click on the button Finish.

Once LockDown Browser is installed in your computer, you can go to the platform and click on the button "Start!".

Your browser will prompt you asking to open LockDown Browser. Click on the button "Open LockDown Browser OEM". You can check the option "Always allow platform to open links of this type in the associated app" (optional).

The screenshot shows a web browser interface. At the top, there is a dark blue header with logos for CETAP (Centre for Educational Testing and Assessment) and NBT (National Business Training Centre). The main content area is white and contains a central prompt: "Open LockDown Browser OEM?". Below this prompt, it says "https://cetap.a.edtest.ai wants to open this application." and provides an option: Always allow cetap.a.edtest.ai to open links of this type in the associated app. There are two buttons: "Open LockDown Browser OEM" and "Cancel". Below the prompt, there are links for downloading the browser: "Download here Lockdown Browser:", "For Windows", "Download for Windows", "For Mac", and "Download for Mac". Further down, there are instructions: "Before starting, please close all your programs, otherwise, Lockdown Browser may have problems running.", "In case your internet connection fails, do not close Lockdown Browser. Wait until it returns, as much as possible.", "Once you've downloaded Lockdown browser, you're ready to go!", and "If Lockdown browser download does not open, click on the download. You must when prompted click 'yes' to allow changes to the device." At the bottom, there is a large blue button labeled "Start!". On the right side of the browser, there is a vertical sidebar with the text "Talk to us, we are online!".

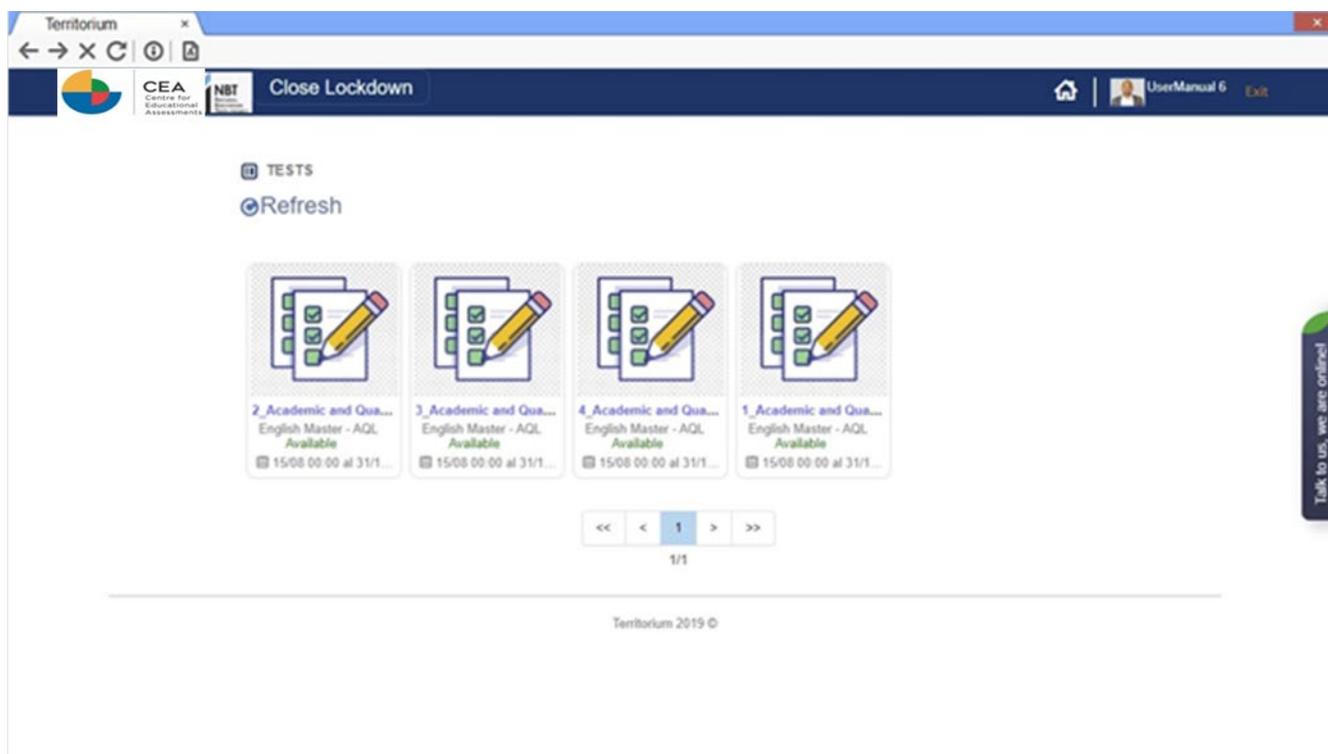

Wait until the application loads.

LockDown Browser

Loading...Please Wait.

3. Now you are ready to go. You will see on the screen the tests available for you:

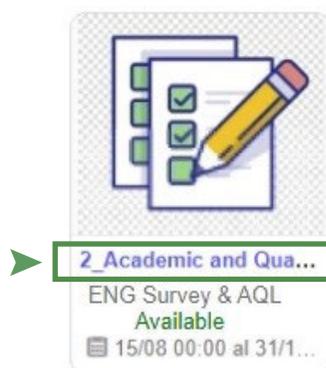

Each test has a status; it could be:

- Available** – The test is ready to be taken.
- Answered** – The test has been completed.
- Finished** – The date to take the test is over and the test is no longer available.

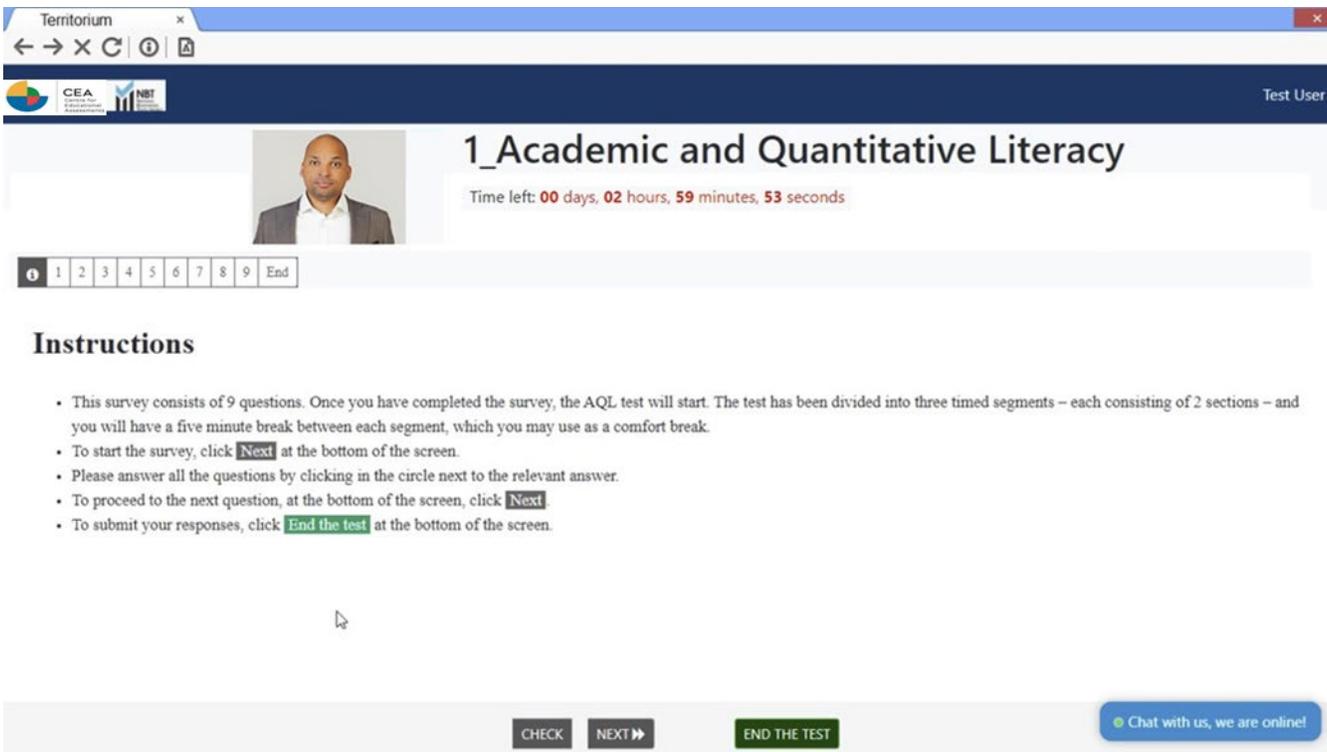

Click on the name of the test you want to start:

4. Once the test starts, you will see at the top of the screen your webcam and a timer showing remaining time to complete the test.

You will also see the instructions to navigate and answer the test.

The screenshot shows a browser window titled 'Territorium'. The page header includes the CEA logo and the text 'Test User'. The main heading is '1_Academic and Quantitative Literacy'. Below the heading is a timer: 'Time left: 00 days, 02 hours, 59 minutes, 53 seconds'. A webcam frame shows a man's face. Below the webcam is a navigation bar with buttons for '1', '2', '3', '4', '5', '6', '7', '8', '9', and 'End'. The '1' button is highlighted. Below this is the 'Instructions' section, which contains a list of instructions. At the bottom of the page are navigation buttons: 'CHECK', 'NEXT', 'END THE TEST', and a chat button 'Chat with us, we are online!'.

Instructions

- This survey consists of 9 questions. Once you have completed the survey, the AQL test will start. The test has been divided into three timed segments – each consisting of 2 sections – and you will have a five minute break between each segment, which you may use as a comfort break.
- To start the survey, click **Next** at the bottom of the screen.
- Please answer all the questions by clicking in the circle next to the relevant answer.
- To proceed to the next question, at the bottom of the screen, click **Next**.
- To submit your responses, click **End the test** at the bottom of the screen.

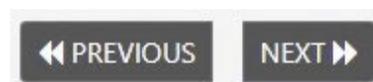

Below the webcam frame, you will see a list of numbers, each one corresponds to one question. You can click on the button  anytime if you want to read the instructions, also you can click on any number to browse through the questions.

At the bottom of the screen you will find the navigation buttons.

You can browse through the questions using the button Next (next question) or Previous (previous question).

You will see the questions one at a time, each with four answer options.

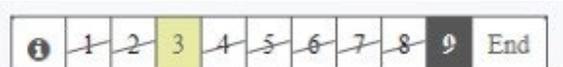

1) ID TYPE / TIPE ID

- South African
- Foreign

Once you select an answer, the question number will be struck through. If you want to mark a question to be reviewed later, you can click on the button REVIEW and the question number will be highlighted.

REVIEW

9) SCHOOL LANGUAGE / SKOOLTAAL

- Afrikaans
- English
- Other

Once you answer all the questions, click on the button "End the test". You will be prompted if you want to submit the test, click on "Accept" to finish the test or "Cancel" to go back and review your answers.

END THE TEST

You have answered 60 of 60 questions. Are you sure you want to submit the test?

Cancel

Accept

While your answers are being sent to the system, do not click on any buttons, press any key on keyboard or close the window. Wait until the process finish and the feedback screen shows up. It may take a few seconds.

You finished 1_Academic and Quantitative Literacy!

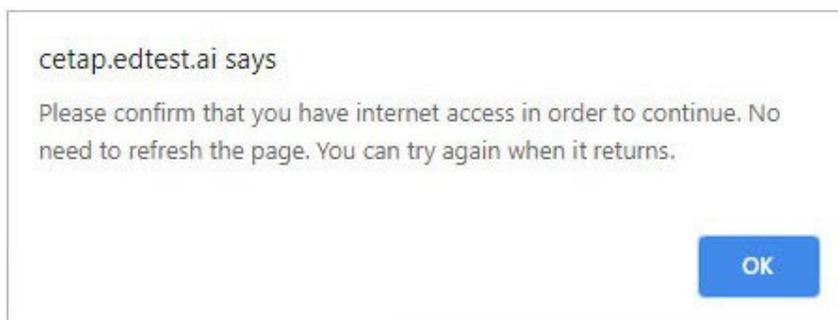

Congrats! You just completed the test.

Back

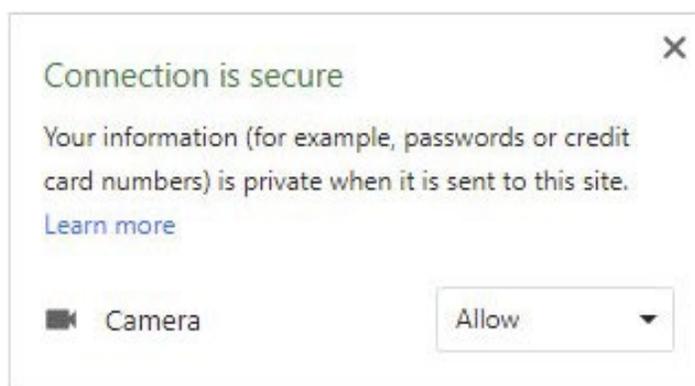

General observations

If your internet connection fails during the test, a message like this will show up.

Follow the instructions to continue with the test once your internet connection is restored.

Remember to allow the use of your webcam every time your browser prompts to. Keep it active during the test.

Your answers will be saved during the test. If you have any trouble (window closes, internet connection fails, energy supply fails, etc.), you can resume the test later from where you left off.

Those incidents will be registered in the platform and CEA can consider them to validate your test results.

For any further communications, suggestions or any additional information that we can provide to help you, please contact us by clicking the Live Chat button on the right side of the screen.

● Chat with us, we are online!

Pre-test preparation checklist

Am I ready to write the NBTs online?

Pre-test preparation checklist

Welcome to the NBT test session! While you wait for the session to start, please complete the “Biographical information” form that is available on the platform now and make sure you complete all the steps on this checklist.

SETTING UP YOUR WORKSPACE

- Make sure that the lighting in the room is good enough for you to be able to see your screen properly during the test.
- Make sure that the lighting in the room is good enough for the camera to recognise your face throughout the test. If your webcam feed in the left frame is not clearly recognizable, your lighting is not good enough or camera is not operating correctly. This must be visible for the duration of the test.
- Keep some scrap paper and a pencil/pen in case you need to write something down or do a calculation.
- Make sure there are no books, notebooks, calculators, mobile devices, or other prohibited items on your desk or near you during the test.
- Use the restroom before the test starts. You are allowed to leave your desk for 5 minutes should you need to use the restroom during the test but remember: Just like in a normal test, your timer will continue even when you are not at your desk.

SETTING UP YOUR COMPUTER

- Make sure that your computer is plugged in and that the outlets and plugs are within your reach.
- Check that your internet connection is stable and make sure that you will not need to charge the device you are connecting with or purchase additional data during the test.
- If your device’s web camera worked during the simulation but you are not sure if it is working now, follow the instructions that are available on the online support chat.
- Check your computer’s power settings and make sure that it will not switch off during your test. Check the instructions that are available on the online support chat.
- If an image or formula does not display correctly on the screen, the browser should be refreshed. This may need to be done more than once. (Windows – F5; Mac iOS - Command+R)

REMEMBER! You are writing under exam conditions and no-one else should be in the room with you or should disturb you while you are completing the test(s). You are not allowed to use your phone, a calculator, or any reference materials or notebooks. You must always be visible and if the camera cannot see you, you need to fix that before continuing the test. The online support chat is available should you need assistance. Good luck with the test(s) today.

– The NBT Team
